

Computer Science Club 2015-16

OHVA HS students meet to learn and practice computer science concepts. After learning new material, students will work together to solve problems – learning from each other and other resources. This year's theme is software development.

<https://www.facebook.com/groups/ohva.cs/>

WHEN: We meet every other Friday at 1:30 starting 11/6/15.

WHERE: OHVA CS Club meetings happen in Mrs. Dorene Smith's CC room. Click [HERE](#)

Outside Resource Information: If you'd like to view the book we'll be using for this year's software development theme, click here: [Head First Software Development](#)
